

To Whom it May Concern,

Greetings, I represent The Cape Coral Municipal Charter School Foundation which is a 501(c)3 Organization. We support the Oasis Charter School System which consists of four schools located in Cape Coral, Florida that educate over 3,100 students. Here is a little information about our system:

The system is represented by two elementary schools: Oasis Elementary South and Oasis Elementary North (*formerly Christa McAuliffe*), Oasis Middle School, and Oasis High School. The four schools have rigorous academic programs integrated with athletics and the arts. The schools have met top ratings in the State of Florida over the 20-year lifespan of the system. All four schools offer STEM classes as well as art, music, and theater. The schools continue to be top-ranked in Lee County despite less resources than district schools. You can learn more about our schools at [www.capecharterschools.org](http://www.capecharterschools.org).

The purpose of this letter is to **request a sponsorship for our Oasis Gala on Saturday, March 29, 2025**. This system-wide fundraiser is an adult-only event that draws a crowd of parents, community members, and elected officials. The event includes a sit-down dinner, live music, and dancing at the Westin in Cape Coral.

The money raised will provide grants for curriculum enhancements and teacher supplies, sports equipment, and funding for our various amazing school-sponsored clubs. Some of the projects we have funded include: water filtration systems, solar car kits, STEM class experiments, culinary class equipment, dance studio mirrors, math enrichment computer software, garden plantings and tools, library books, sports team uniforms and so much more!

Please consider supporting this system-wide fundraising event!

Sincerely,

Jen-Hope Belis, Vice President  
Cape Coral Municipal Charter School Foundation
